SEMINAR REPORT ON LOGISTICS ENCLAVE

Date: 23 September 2026

Venue: Egmore Museum Auditorium, Chennai

Organized by: Indian Institute of Logistics Management (IILM)

Participants: 30 BBA Students

Speaker: Captain Pushpakumar, Founder, IILM

Introduction

A seminar on “**Logistics Enclave**” was conducted by the **Indian Institute of Logistics Management (IILM)** on 23 September 2026 at the Egmore Museum Auditorium, Chennai. A total of **30 BBA students** participated in the seminar.

Seminar Highlights

The session was led by **Captain Pushpakumar, Founder of IILM**, who provided valuable insights into the logistics industry and its growing importance in the modern business environment. He explained the role of logistics in supply chain management, transportation, warehousing, and the movement of goods.

The students gained an understanding of the **future scope of logistics** and the various **career opportunities** available in this rapidly developing sector. The session also helped students understand how technological advancements and changing business requirements are creating new opportunities for young professionals in logistics and supply chain management.

Outcome

The seminar was highly informative and beneficial for the participating BBA students. It enhanced their awareness of the logistics sector and helped them understand the career prospects available in the field. The interaction with Captain Pushpakumar gave students practical insights and encouraged them to explore logistics and supply chain management as potential career paths.
